We are pleased to present our Autumn/Winter 2025 collection, crafted to embody the quiet luxury and understated elegance we believe defines the perfect autumn and winter wardrobe.

This season, we are introducing a new print inspired by vintage paisley scarves. Our reinterpretation of this iconic pattern brings a refined sense of heritage into contemporary design, adding a distinctive touch to key pieces throughout the collection.

AW25 features a new colour to our palette: dull gold. This soft, understated hue embodies the quiet warmth of autumnal light, offering a rich contrast to the deeper tones that define the season's mood.

The AW25 collection is a celebration of the wardrobe we dream of for the colder months — a wardrobe that combines comfort with quiet sophistication. Key pieces include barrel trousers, cut to offer a relaxed yet refined silhouette, oversized tops that drape beautifully, and heavy-duty canvas styles, designed for both practicality and style. We have also embraced the tactile warmth of wool, both knitted and boiled, ideal for layering to provide both warmth and structure.

Every piece in this collection is designed with versatility in mind, allowing for endless combinations and thoughtful layering.

With love,
Kristina & Nicholas
