We are proud to present our Spring/Summer 2026 collection — a continuation of our dedication to natural materials, timeless silhouettes, and an understated approach to seasonal dressing.

This season, our theme is Into the Studio — a celebration of creativity, craftsmanship, and the quiet intimacy of the spaces where ideas take form. The campaign was shot in our new studio and showroom, set in the Danish countryside on the grounds of a 16th-century castle. Surrounded by nature and castle parks, the studio reflects our values of calm, classic, and considered design.

Inside, the space is filled with ceramics, glassware, and sculptural objects by local and Danish designers and craftsmen; pieces that echo the tactile, thoughtful nature of the collection itself.

SS26 embraces a classic colour palette with gentle accents of burnt brick and dusty light blue, inspired by the sun-warmed landscapes and clear skies of the Scandinavian Summers. Designed in linen, cotton, and silk, the silhouettes are light, breathable, and effortless — made for long days and soft evenings.

With love,  
Kristina & Nicholas

# Size guide

You deserve to feel comfortable. That's why we don't make slim-fit styles or anything that feels restrictive. At Anne-Mi, we design relaxed, easy-to-wear pieces with thoughtful details - like elasticated waistbands and adjustable ties - that gently flatter your natural shape.

Our focus is on freedom of movement and everyday ease. If you prefer a closer fit, simply size down.

Clothes should fit you - never the other way around.
