

A woman with light brown hair is sitting on a lush green lawn, leaning back on her elbows. She is wearing a light-colored, possibly beige or cream, trench coat over a white top. The coat is draped around her, with one sleeve resting on her knee. She is looking directly at the camera with a neutral expression. The background is filled with tall green grass, small white and purple wildflowers, and the dark, shadowed trunks of large trees. The lighting is soft and natural, suggesting a late afternoon or early morning setting.

Summer Memories

## Summer Memories

Our Spring/Summer 2027 collection is rooted in childhood memories of long summers spent at Kristina's grandmother Anne-Mi's home — a place shaped by flowers, warm air, and slow summer days.

Every year, summer holidays were spent in Anne-Mi's garden, surrounded by blooming flowers, vegetables from the kitchen garden, and a small stream running quietly behind the house. Even today, the scent of flowers and the shift in season evoke the same feeling of warmth, nostalgia, and renewed energy.

This collection reflects those memories through colours, textures, and silhouettes designed to feel familiar, effortless, and lasting. All styles are named after flowers — a tribute to Anne-Mi's love of gardening and the many varieties she carefully tended.

As always, natural materials remain at the centre of the collection, with cotton and linen forming the foundation, joined by soft, lightweight fabrics and textured qualities designed to move naturally and feel comfortable in warmer weather.

Subtle references to 1990s silhouettes run through the collection — inspired by the years these memories were formed — from boat necklines and button-through dresses to silk skirts and coordinated sets. Alongside these, signature shapes return with adjustable waist ties placed at the side to create shape while maintaining comfort and ease, while the timeless trench coat with voluminous sleeves remains a versatile piece designed to return season after season.

Overall, Spring/Summer 2027 brings together a sense of warmth, ease, and understated nostalgia. Designed to be worn in the warmer months, the collection feels light and easy to wear, with a focus on comfort, shape, and pieces made to return season after season.

With love,  
Kristina & Nicholas
